

# First National Bank of Pandora Chooses Fiserv as New Technology Partner to Bring Customers a Better Experience

*Bank consolidates 10 vendor relationships to one with Fiserv to create efficiencies that speed and simplify processes for staff and customers*

**BROOKFIELD, WI** - Fiserv, Inc. (NASDAQ: FISV), a leading global provider of financial services technology solutions, today announced that First National Bank of Pandora, headquartered in Pandora, Ohio, has selected Fiserv as its new technology partner. The bank, which has \$153 million in assets, is furthering its focus on efficiency by moving to the Premier® core account processing platform from Fiserv and consolidating multiple vendor relationships. This will speed up and simplify processes for staff and facilitate integration between solutions, enabling a seamless customer experience.

"We chose Fiserv and the Premier platform for the seamless integration between solutions. With fewer clicks, logins and passwords, our staff and customers can get what they need faster," said Todd Mason, president and CEO, First National Bank of Pandora. "Strong integration also makes data more accessible. With Fiserv, we can give our staff the full picture of each customer relationship. This helps us understand and anticipate which services will make their financial lives easier."

First National Bank of Pandora is committed to serving its local communities with the personal touch of a community bank while offering the same convenience and flexibility customers might receive from a larger national bank.

Efficiency has been a major focus of the bank over the past year. The bank's staff was looking for a single provider that could deliver a more consistent experience for customers who prefer digital channels such as mobile or online banking. The bank also wanted to simplify vendor management and give their staff tools that could make their jobs easier and more productive - which translates into better customer service. Throughout the due diligence process, bank leaders were impressed with the strong reputation and proven credibility of Fiserv in the market. In total, the bank will consolidate 10 existing vendor relationships to one with Fiserv.

"First National Bank of Pandora is focused on building deeper relationships by offering its staff and customers the best resources to meet their needs," said Byron Vielehr, group president, Depository Institution Services, Fiserv. "This approach can drive greater engagement levels among both staff and customers, leading to meaningful revenue results for the bank."
