

# **Global Electronic Technology, Inc. Promotes Kevin Hoehn to President and Elects him to the Board of Directors**

Kevin Hoehn Promoted to President and Elected to the Board of Directors at Global Electronic Technology, Inc. *CYPRESS, CA - July 25, 2008* - Global Electronic Technology, Inc. (GET) a leading technology provider of payment processing solutions, today announced the promotion of Kevin Hoehn to President and his Election to the Board of Directors.

“Kevin has been with the organization since our very first office in Laguna Hills. I think he even assembled his own desk if memory serves me correctly. He has been instrumental in helping build the necessary infrastructure since that day to support the growth of the organization and it is with great pleasure to announce his promotion President. Furthermore, I look forward to his involvement with the Board of Directors as he brings a unique approach to the capitalizing of opportunities within the sector,” says Steven H. Bryson, GET’S Founder and Chief Executive Officer.

Kevin Hoehn has held the position of COO with GET since 2003. Prior to joining GET ,he held several executive level positions with leading financial institutions including Imperial Bank and Comerica Merchant Services. Kevin Hoehn is a graduate of University of California, Riverside and holds an MBA from Pepperdine University.
